

The background is a watercolor illustration. At the top, there's a red and pink wash. Below it, a large butterfly with orange, yellow, and brown wings is shown. To the right of the butterfly, there are purple and blue washes. In the bottom left, there are green and yellow leaves on a branch. The text 'COLOR OUR WORLD' is in the top left, and 'MISSISSIPPI Museum of Natural Science' is in a black box on the left.

COLOR OUR WORLD™

MISSISSIPPI  
Museum of  
Natural  
Science
